PROFILE

Multiplatform application developer in the final stage of training, with practical experience at Glofera as an AI agent programmer. Skilled in Java, Python, Kotlin, Swift, REST APIs, databases, Android, iOS, and automation. Interested in creating useful, efficient solutions tailored to real client needs, combining mobile development, backend, and applied artificial intelligence.

WORK EXPERIENCE

AI AGENT PROGRAMMER

Glofera | 2025 - ACTUAL

Development and configuration of AI agents adapted to different clients. Worked with prompts, conversational memory, behavior rules, context, response flows, external APIs, and response optimization. Experience in requirements analysis, adapting technical solutions, and client communication.

IT MAINTENANCE AND PYTHON PROGRAMMING

Track Asistencia y Consulting SL -2024

Technical support and development of Python automations. Created a program to automate VPN configuration through the generation of private and public keys.

SALES ASSISTANT / CUSTOMER SERVICE

Loteria Ànec Blau / Loterías Caramel de la Sort | 2023-2025

Customer service and support in lottery and betting operations for Loterías y Apuestas del Estado.
